CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Cancer Detection Is Being Studied

More than 7,500 citizens of Palm Beach County, during the past year, including many high school students, have viewed and heard about cancer—its early detection, control and scientific methods for treatment.

"The many persons who have obtained this knowledge," said Mrs. Janie Cook, President of the Palm Beach County Unit, American Cancer Society, are in the large majority members of local clubs, business, professional, social and church groups.

"During the summer, additional showings will be made available," Mrs. Cook said, "and without cost to any adult groups to have cancer educational programs at specified meetings.

"All films are produced and presented authentically and in good taste," she said, "and are furnished with projector, screen and educational literature. A recognized local physician, and active volunteer member of the American Cancer Society, will be present to discuss subjects relative to cancer.

Representatives of adult men and women organizations may arrange for bookings of films and speaker by contacting the Palm Beach County Unit of the American Cancer Society, 140 Lakeview Avenue, West Palm Beach, Florida, Phone Temple 2-7446.

Glades Office Bldg. Bids To Come Soon

Bids for construction of an annex to the Glades office building will be called for as soon as the plans are off the drawing board, the county commission decided this week. The board also voted to call for bids for hauling shell rock by privately owned fleets of trucks instead of using county equipment to do the job. The bid system will save the county money for hauling shell, County Engineer Steve Middleton told the board.

Organic Matter In Soil Aids Fertility

GAINESVILLE — Maintaining soil organic matter content at its highest feasible level helps maintain soil fertility and may mean higher crop yields.

Soils specialists with the University of Florida College of Agriculture say in addition to conserving plant nutrients, and moisture, organic matter aids in improving the physical growth condition of soil which may be reflected in increased plant growth.

As the percentage of organic matter in soils increases, the exchange capacity, water-holding capacity and physical condition are improved and leaching losses of plant nutrients are reduced.

Louis Gold and his brother Jerry Gold accompanied by Ray Cagni, of Miami, are vacationing in Mexico City.

Billboard Cost Is Questioned By Board

The county commission this week balked on approval of a billboard contract advertising the Welcome Station at Jupiter—the rental price had been boosted. The board instructed its attorney to advise George Evans, Ft. Lauderdale advertising agency owner, it is interested in renewing its contract—only at last years figure of \$68 per month rental.

HOME TO NEW MEXICO

Mr. and Mrs. Allen Rust and family of Albuquerque, N. M. spent several weeks visiting her parents Mr. and Mrs. Frank O'Connell. While here they visited the O'Connells son-in-law and daughter Mr. and Mrs. Frank Sganga and family in New Smyrna Beach for several days.

Vegetable Meet Is Set September 27

J. Abney Cox, Princeton, chairman of Florida Fruit & Vegetable Association's 17th Annual Convention, outlining plans to the Board of Directors for the association's September meeting.

The three-day event is scheduled to be held September 27, 28 and 29, at Miami Beach.

"We have completed preliminary arrangements and received acceptance from an impressive array of qualified speakers for the business sessions and the social events will be in keeping with a long established standard of excellence," Cox stated.

"Invitations are in the mail and trade announcements have been published. Already we have received acceptances from many firms and individuals in other states.

"Last year there were more than a thousand persons in attendance, and while no attempt is being made to rival the national political conventions, there is a strong indication that we will have a record breaker this year," Cox said.

Growers, shippers and others interested in Florida's fruit and vegetable industry are invited to contact the Association's headquarters at 4401 E. Colonial Drive, Orlando, for more information.

Congress Man Says America Is Great

WHITE SPRINGS—"The United States is the greatest nation in the world. I'm sick and tired of hearing people talk about what's wrong with America," Rep. D. R. Matthews, Florida congressman told a Fourth of July crowd at the Stephen Foster Memorial.

"It is time to stand up and be proud to be an American," the congressman stated. "America is great because a blessed Providence gave it unrivaled natural resources, because of its form of government and because of its people. Let's love America and take a positive attitude toward our great nation," he concluded.

Lt. Lewis Collins is attending summer school at The University of Colorado in Boulder, Colo.

Five Times More Sugar Could Come From Florida Land

Florida could produce five times more sugar than the 180,000 tons ground from cane in the 1959-60 season, an official of the U. S. Sugar Corporation said Saturday as he prepared for an inspection flight to Puerto Rico.

Harry T. Vaughn, president of the U. S. Sugar Corp. at Clewiston, said Florida production cannot be increased appreciably unless Congress raises quotas for mainland sugar cane areas. Cane is grown in Louisiana and Florida, and sugar beets are grown in Western and Northern states.

The sugar act, which Congress extended to March 31, 1961, and amended to give President Eisenhower authority to reduce Cuba's quota, increased the domestic allotment by 13,774 tons. This was a normal increase prepared for in advance.

The President, however, reduced Cuba's quota by 700,000 tons. This is to be made up by increasing allotments to Haiti, Panama, Costa Rica, the Netherlands, and Nationalist China from about 3,000 to 10,000 tons each, with 15 per cent of the remainder to come from the Philippines and the rest from other countries.

Fuero Rico and Hawaii cannot meet their allotments this year, and the deficit will be offered to (continued on page 8)

Pahokee Scouts Go To Jupiter Camp

Troop 628 was represented at Boy Scout Camp Tanah-Keeta at Jupiter by fourteen boys.

On the rifle range Jimmy Vandegrift had the highest score out of approximately 50 qualifying targets with 37 points out of 50 points in off hand position. Alton Minis placed second in prone position with 45 points but was beat by Al Tousek, staff member from Post 145 with 46 points. Boys from six different troops were competing at the camp but only two passed Marksmanship and we are pleased that one was Jimmy Vandegrift from our troop.

Our troop challenged the staff to an Athletic Meet. First event was a soft ball game. Of course the staff won. After the ball game there was a rope climb, 50 yard dash, 100 yard dash, broad jump and pull up competition. We won the 100 yard dash and that was all. All boys report they had a good time and are happy with the merit badges they earned while there.

A Board of Review was held on Tuesday night after camp when the boys completed the final phase in earning the badges by being reviewed by the board.

There should be a Court of Honor in the near future when the boys will be presented their Rank and Merit Badge Awards.

— Reported by Wayne Ludlam.

Mr. and Mrs. Lewis Friend and family are vacationing in Wyoming for several weeks.

Funeral Services For Jessie York

Funeral services were held Monday for Jessie Harland York, 66, of Pahokee with Rev. Charles Crauswell officiating. Burial was at Port Mayaca.

He was a retired machinist and had been a Pahokee resident 12 years, coming from Spartanburg, S. C.

He was a member of the Baptist Church of Spartanburg.

Survivors include his wife, Mrs. Bonnie York, Pahokee; a son, Jasper O. York, Columbia, S. C.; five daughters, Mrs. Sarah Didetto, Mrs. Margaret Brown, Mrs. Nettie Ligon, Mrs. Viva Turner and Mrs. Betty Bennett, all of Spartanburg; one brother, Luther York, Aragon, Ga.; three sisters, Mrs. H. O. Dunn and Mrs. C. A. Strickland, both of Atlanta, Ga., and Mrs. Vica Sanders, Radcliff, Ky.; 22 grandchildren and one great-grandchild.

Council Appoints Housing Members

Pahokee City Council in a session Monday evening approved the recommendations of Mayor Duncan Padgett to reappoint C. M. Todd and L. L. Shirley for another three year term to the Pahokee City Library board and E. L. Pope on the Pahokee Housing Authority Board for a term of three years. Pope replaces Albert Fremd, whose term expired.

Other items of business on the council agenda were: The authorization of City Attorney Ralph O. Johnson to draw up a resolution asking the County Commission to expedite the survey of the location of State Road 15 through Pahokee, and to take under consideration a request by residents on Annona Ave. for the City to install and maintain traffic breakers on the avenue. The Attorney will report on this matter at the next meeting.

The council took under advisement the request of Pahokee Housing Authority officials to regrade the gutter lines on fourth and fifth streets in the L. L. Stuckey Homes building unit, to relieve drainage problems in that section.

Guy Wood was appointed a member of the police department to replace Robert L. Humphrey.

STUDENT GRANTS

GAINESVILLE — Two grants, one for \$1,000 from the United Cerebral Palsy of Florida, and the other for \$3,680 from the Smith, Kline and French Foundation, will provide scholarships for 15 students. The Cerebral Palsy funds will provide ten \$100 scholarships for Florida teachers, and the Smith, Kline Foundation funds will be used to train five superior science high school students from Boca Ciega High School in Gulfport in chemical research techniques in the College of Pharmacy.

Mr. and Mrs. J. F. Parks, of Atlanta, have returned to their home after visiting her mother, Mrs. Teresa Hawkins. They were accompanied on their return by Mrs. Hawkins who will be their guest for several weeks.

Medical Program Goes By Wayside

Little chance was seen Saturday for a Classroom Teachers Association proposal that a medical insurance program be set for school employees this year.

The plan, recommended by the insurance committee of Palm Beach County's CTA, would require the school board to underwrite part of premium costs.

"The board hasn't reached a decision yet, but when we come up with a final budget figure as to how much more money we are going to need, I don't see how we will be able to afford it," said Jack Horner, school board vice chairman.

Horner cited a \$300 across-the-board teacher's salary increase plus "wage scales still to be studied" as the basis for his dim outlook on the plan.

About 2,800 teachers, secretaries, maintenance personnel, bus drivers and other school employees would receive group coverage.

Under the CTA plan, hospitalized employees would get up to \$15-a-day for 70 days for hospital costs, plus \$300 for doctor's fees and a maximum \$300 surgical benefits.

The proposed plan also includes a \$1,500 life insurance provision.

Horner said \$160,000 a year has been mentioned as an approximate cost for the program. But an insurance man, he said, said the benefits requested might range up to a \$400,000 a year price tag.

Dr. Van Retires From Welfare Dept.

Dr. W. E. VanLandingham, long time county employee who is retiring as head of the county health and welfare department early this fall, Monday drew a resolution of commendation from the County Commission.

The resolution called attention to Dr. "Van's" many years of service to the county and his "humanitarian desire to aid the unfortunate." He was described as an "extremely competent department head."

The commission noted that it was accepting the application for "voluntary retirement" with sincere regrets and with wishes to Dr. VanLandingham for a "happy and gainful future."

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission this week voted to take steps to speed up construction of State Road 9 through Palm Beach County.

The highway—sometimes called the "Super Dooper"—cuts close to West Palm Beach in a path with parallels the Sunshine Turnpike.

Commissioner Kenneth Foster said immediate action should be taken to get the Federal Bureau of Roads to pinpoint location of the highway since state road department funds are already budgeted for fill and grade for the new road.

In other highway actions this week the commission:

Approved Commissioner Roy Michael's request that the engineering department prepare an estimate of costs for resurfacing Lincene Ave. in Lake Worth from the Federal Highway to "A" St.

Received a resolution from Te-

questa asking that the Girl Scout Bridge in the north part of the county be rebuilt.

Received bids for resurfacing several county roads in the Everglades.

The county commission this week re-emphasized its policy to protect every inch of its right of way for the Ocean Boulevard, even though some of the land is under water.

The Ocean Blvd., has long been a costly highway for the county and in the past rolling seas have washed away long stretches of the road.

Commissioner Roy Michael noted this week that the board has been "unjustly criticized" for permitting Ocean Blvd. to be ravaged by nature—a situation which Michael pointed out is due to the elements and not lack of interest by the board.

He added that the board has also been wrongfully criticized for "abandoning parts of its right of way" which is not true, Michael said. Even though the right of way in some places is under water, he said, the county still has and will retain, legal claim to the right of way.

Michael said the board, in some instances, have granted privately owned interests to construct protective devices on county right of way—only as a method of the individual protecting his own property. In each of these instances, Michael said, the individuals have to post a bond to guarantee that the protective devices will be removed when the county wants to use the right of way for road construction.

ATTEND WEDDING

Out of town guests attending the Collins-Cary wedding were: Mr. and Mrs. M. W. Cary, Sr., and children Steve, Mike and Shelia, of Marianna; Mr. and Mrs. F. J. Winchester, of Sebring; Mr. and Mrs. L. C. Farr and Mr. and Mrs. Charles Collins, of Wauchula; Mr. and Mrs. H. E. Smith and Mrs. J. E. Costin, of Orlando; Mrs. R. E. Griffith, Miss Lee Sanders and Miss Charlotte Hardin, of West Palm Beach; Miss Anita Cowart, Jacksonville; Mr. and Mrs. F. W. Moore, and Mrs. Harry Demody, of Miami; Mrs. E. R. Cary, Mr. and Mrs. S. Gaylor and children, Nan, Jim and Cary, of Tampa; and Lt. Robert Burns, of Barnesville, Ga.

CIRCLE MEETING

The Ione Patterson Circle of the Canal Point Baptist Church met at the home of Mrs. Charles Stuart on Monday, July 11th. Mrs. Charles Stuart and Mrs. J. S. Chastain gave the program. The August meeting will be held at the home of Mrs. J. J. Walker at Port Mayaca.

Tommy Corbin of Ft. Myers is the guest of his aunt and family Mr. and Mrs. H. M. McIntosh of Pahokee.

W. E. Johnson and his mother Mrs. Mamie Maxson are visiting relatives in Mississippi.

Mike Maxson has returned to his home after being a patient at the Everglades Memorial hospital.

Mr. and Mrs. O. H. Sheppard and daughter, Hazel plan to leave Saturday for a vacation to be spent with relatives in Alabama. They will visit their daughter Miss Helen Sheppard at FSU on their way to Alabama.

Mr. and Mrs. Grady Echols and daughter Teryl plan to leave Sunday for a week visit with relatives in Alabama.

Mrs. W. B. Myers is confined to her home because of illness.

O. H. Chastain is able to be back at his home in Thomasville, Georgia after undergoing surgery in the Thomasville hospital.

Dr. Owen Poley, Plant Nutritionist from Salisbury, South Rhodesia, was a visitor last week to the U. S. D. A. Sugar Cane Station at Canal Point. He visited other research industries in the states after visiting here in Canal Point. He went to the Everglades Experiment Station in Belle Glade, then to the Research Laboratory of U. S. S. C. in Clewiston, then to Florida State Citrus Laboratory at Lake Alfred,

Florida, then to the Research Station in Louisiana. This is Dr. Poley's first visit to the United States and his first experience of driving on the right hand side of the road.

Preston H. Dunkleman, Sugar Cane grader at the U. S. Sugar Cane field station recently gave a report on 1959-60 breeding program to the Sugar Cane League Membership and Contact Committee at the U. S. D. A. Sugar Cane Experiment Station in Houma, La. He remained in Louisiana for a few weeks vacation with relatives and friends in Baton Rouge and other points. Mrs. Dunkleman and family joined him there last week for the remainder of his vacation.

Mr. and Mrs. Bill Hatton and son returned from a vacation in Petersburg, Va.

Mr. and Mrs. Auther Nagler, who recently bought the Ralph C. Myers home, are vacationing with their family in New York.

Dr. and Mrs. E. C. Johnson and children are enjoying a camping trip in the western states. They plan to go as far as Grand Canyon, in Arizona.

Mr. and Mrs. Roy O'Neal and son accompanied by her mother Mrs. Dinis Friend and her sister Miss Jean Kay Friend, have returned from Alabama where they visited Mrs. Friend's son and daughter-in-law Mr. and Mrs. Lee Jeffers. They were accompanied on their return by his mother Mrs. Mary Maxey, who visited relatives in North Florida.

Mr. and Mrs. L. J. Fraser have returned from Houston, Tex., where he had a physical check-up at the Methodist Hospital there.

Lt. Robert Burns, who was best man at the Collins-Cary wedding, and classmate of Lt. Cary at West Point, has returned to his home in Barnesville, Ga., after spending several days with friends here.

Mr. and Mrs. Gene Gore and family are vacationing in Sebring, Tampa, Oviedo, and Daytona Beach. While in Daytona Beach they will visit his mother Mrs. Cleo Leinhardt. Mr. and Mrs. Gore recently moved to 485 Cypress Ave.

Dr. David McCoy, who recently received his degree in Dentistry at Emory University in Atlanta, has arrived in Pahokee for a visit with his parents Mr. and Mrs. W. G. McCoy. Dr. McCoy stopped in Jacksonville, enroute to this city, to take his State Dental examination. He will report for service in the U. S. Army August 1st.

Mrs. W. M. DuBoe spent several days visiting her husband in Jacksonville, before going to Columbus, Ga., and Alabama to visit relatives for several weeks.

Vernon and Joan Elarbee of Tampa spent a week as the guests of their grandmother Mrs. Verna Elarbee and their aunt Mrs. Phara Morris. Mrs. Elarbee and Mrs. Morris accompanied the children back to Tampa and visited Mrs. Elarbee's sons and daughters-in-law Mr. and Mrs. Vernon Elarbee and Mr. and Mrs. Lynn Elarbee and families.

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 fourteen months faster than before

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{4}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

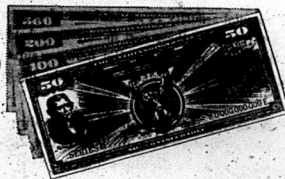

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

You save more than money
with U.S. Savings Bonds

The Everglades News

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4468.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or target in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Christian Science Group Of Canal Point

The way to unflinching peace and satisfaction will be pointed out at Christian Science churches Sunday in a Lesson-Sermon entitled "Life," the first of a series this summer devoted to synonyms for God.

Opening the Scriptural selections to be read are these verses from Psalms (36:7-9): "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the foundation of life."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (316:9-12): "God fashions all things, after His own likeness. Life is reflected in existence. Truth in truthfulness. God in goodness, which impart their own peace and permanence."

INDIANS FIGHT RABIES

MOORE HAVEN—Seminole Indians at the Brighton Reservation have cooperated for the first time in a rabies vaccination program, reveals Fred Montadecca, assistant agent in Indian work. The anti-rabies program for the tribesmen was a cooperative community project sponsored by the Indians.

Mr. and Mrs. Lewis Friend and daughters, Cindy and Merry Ann and Miss Faith Sasser are spending several weeks on a tour of California and the West Coast.

Lions Elect International President

Finis E. Davis, of Louisville, Kentucky, was elected International President of Lions International at the Association's 43rd Annual Convention in Chicago. Lions International, with 610,000 members in 106 countries or regions, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 192,000 individual community service projects.

Honor Miss Annette McIntosh At Shower

Miss Annette McIntosh, bride-elect, was honored with a lovely calling shower at the home of Mrs. Lloyd Hundley on Bacom Point Road Wednesday night, July 13th between 7 o'clock and 10 o'clock.

The hostesses for the affair were: Mrs. Seth Roberts, Mrs. Rupert Mock, Miss Jeanine Mock, Mrs. Homer Barnes, Miss Jill McIlwain, Mrs. E. F. McIlwain and Mrs. Lloyd Hundley.

Miss Carol McDonald of St. Petersburg is the guest of Mr. and Mrs. Earl Maxson of Canal Point.

Machinery On Farm Accident Cause

Machinery, with a whopping score of over 20 percent, is "by far the greatest cause of farm accidents in Florida," reveals Extension safety leader A. M. Pettis in the special July planning issue of Florida Grower and Rancher. "And tractors account for about 86 percent of all deaths involving farm machinery."

To help reduce farm injuries and fatalities, the yearold Florida Farm Safety Committee has devised a tractor tipping demonstration which shows the dangers of operating a tractor too fast over rough terrain, of improper hitching, and of an unshielded P. T. O. Also, carelessness when refueling is shown to be a fire hazard.

Annually, two out of three child victims of the farm tractor are under 14 years of age. The tractor is a power machine, Pettis, reminds parents; as such, it is not made for children.

Other principal causes of fatal Florida farm accidents and their percentages are: burns, about 13 percent; drownings, some 12 percent; lightning, slightly over 10 percent, and electricity, about 9 percent.

WORLD AFFAIRS LECTURES

GAINESVILLE—How America deals with Southeast Asia could, well determine future peace in the world, University of Florida President J. Wayne Reitz told a summer session audience this week. Dr. Reitz discussed his impressions of Southeast Asia gained from a recent world trip, and said that the area is vital in the current contest between democracy and communism. His talk is one of a series of summer lectures on the general theme of the "United States in World Affairs."

Mr. and Mrs. Ray Singletary and daughter, Connie have returned to their home after being the guest of their son, Mr. and Mrs. Charles Singletary and family in Jacksonville.

THE U. S. TREASURY SALUTES YOUR BANK...

One of the 14,000 selling
"Shares in America"

More than 14,000 banks from coast to coast each day perform an outstanding service for their customers, their community, and the nation by selling Shares-In-America... U.S. Savings Bonds.

Every family benefits, every community profits because of banking's leadership in promoting this all-American thrift program. Today, 40 million Americans own more than \$42 billion worth of U.S. Savings Bonds.

Today Bonds are better than ever. Every Bond bought since June 1, 1959, now pays 3½% at maturity. Even your older Bonds will earn an extra ¼% from June 1 to maturity.

Chances are your banker encouraged you to buy your first Savings Bonds. The next time you visit your bank take time to thank him for his good advice, and buy an extra Bond while you are there.

When you buy U. S. Savings Bonds
you save more than money

SALES EVERY MONDAY AT 1 p. m.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

**YOU SAVE MORE THAN MONEY WITH
U. S. SAVINGS BONDS**

Unemployment Up In Month Of June

TALLAHASSEE — Unemployment payments to Florida's jobless increased \$588,065 over May to a total of \$2,917,315 in June.

State Industrial Commission Chairman James T. Vocelle attributed the increase to layoffs in citrus canning and packing houses, and seasonal slowdowns in tourist and allied businesses.

Unemployment insurance payments this June were up a million dollars above the total \$1,904,726 paid out in June 1959.

Vocelle credited much of the increase to a decline in construction employment and its related industries such as lumber and wood products, clay, glass, and stone. In addition, some increase in unemployment insurance was spread generally throughout the economy.

Only two offices of the Florida State Employment Service reported decreased payments for their areas in June. They were Gainesville, down \$1,769 to \$12,166; and Lake City, down \$1,345 to \$10,294.

Areas reporting increased payments in June above May were:

Miami, up \$124,424 to \$743,238; Winter Haven, up \$85,254 to \$157,262; Tampa, up \$54,158 to \$295,155; West Palm Beach, up \$29,977 to \$160,185; Jacksonville, up \$28,044 to \$190,717; Hollywood, up \$27,585 to \$116,589; Winter Park, up \$21,804 to \$100,582; Ft. Pierce, up \$21,412 to \$41,329; Lakeland, up \$20,034 to \$71,591; Ft. Lauderdale, up \$18,008 to \$109,984; St. Petersburg, up \$17,847 to \$126,429; Cocoa, up \$17,220 to \$39,671; Leesburg, up \$8,914 to \$29,664; Bradenton, up \$8,508 to \$20,588; Daytona Beach, up \$8,463 to \$42,905; Marianna, up \$8,265 to \$35,317; Belle Glade, up \$8,116 to \$17,617; Clearwater, up \$7,115 to \$44,971; Tallahassee, up \$4,949 to \$21,362; Ft. Myers, up \$4,875 to \$28,455; Sarasota, up \$4,527 to \$17,979; Melbourne, up \$4,407 to \$20,315; Panama City, up \$2,898 to \$14,824; Sanford, up \$2,005 to \$10,226; Ocala, up \$1,912 to \$13,541; Ft. Walton Beach, up \$1,755 to \$21,859; Panama City, up \$512 to \$50,536; Pensacola, up \$279 to \$80,544; Perry, up \$203 to \$8,330; and Key West, up \$108 to \$15,914.

Substantial Road Funds To Counties

TALLAHASSEE — According to an estimate released by the State Board of Administration Florida counties will receive substantial road funds during the fiscal year starting July 1.

A total of approximately \$32-million of surplus gasoline tax funds became available from the 5th and 6th cents of the 7 cent gas tax which previously had been reserved for payment of old boom-time bonds which have now been paid off.

Amounts available to counties range from \$2,742,000 for Dade County down to \$127,000 for Hernando County.

Eighty per cent of each county's allocation, is given to the State Road Department to be spent within the county to which it is allotted. The county and the road department jointly control the spending. The other 20 per cent of each county's allocation goes into the county's own road fund.

Revenues from the two cents of the gasoline tax are allocated to counties under a formula which is based on area, population and the county's contribution to the 1930 road building program.

In figuring population the 1950 census was used for the first six months of the year and the new 1960 figures for the last six months.

James G. Thomas, Jr., joined his wife who is visiting her brother and sister-in-law Mr. and Mrs. Joseph W. Pankey in Winsboro, La. Before they return to their home in Pahokee they will also visit relatives in Monroe, Ruston, Baton Rouge and New Orleans.

Five Times More—

(continued from page 1)
mainland producers, including Florida growers.

That's why Vaughn is flying to Puerto Rico to survey production potentials. He will be accompanied by Celestino Martinez and John Bay, both vice presidents of U. S. Sugar, and Stuart McFarlane, president of Okeelanta Sugar Refinery.

Vaughn said new sugar land would have to be ditched, diked and pumped for water control. Sawgrass land offers a lower yield than canefields around Lake Okeechobee, but potentially all the Everglades could be used for sugar production.

"The Cuban situation is disturbing, and points up the fact that a strong domestic sugar industry must be maintained he asserted.

Shower Honors Mrs. Don Adams

Miscellaneous baby shower honoring Mrs. Don Adams was held at the home of Mrs. C. W. Ammons Tuesday evening July 12th.

Hostesses were: Mrs. C. W. Ammons, Mrs. B. R. Evans, Mrs. A. H. Scruggs, Mrs. W. E. McCall, Mrs. Bobbie Peacock, Mrs. George Rashley, and Mrs. Charlene Shultz.

Mrs. R. S. Douthitt is visiting her parents Mr. and Mrs. O. P. Griffin in Ochlocknee, Ga. Before returning home she will also visit her brother-in-law and sister Mr. and Mrs. O. L. Coulter, who are spending the summer in Hendersonville, N. C.

Credit Is Lifeblood Of Agriculture

"Credit is the lifeblood of agriculture," asserts farm banker J. Carlisle Rogers in the special July planning issue of Florida Grower and Rancher. "The 10 or more mule farms have given way to mechanization—and all of this has been made possible by the extension of credit."

Rogers, who is president of the First National Bank of Leesburg, says sound credit is based on the "three C's": Character, Capital, and Capacity.

If a would-be borrower lacks the first "C" . . . if he has reputation of being tricky, shady, unreliable, etc. . . . loan officers refuse to consider his application. It saves worry, trouble, and money.

Capital, of course, is always necessary. But it can be represented by cattle, real estate, equipment, or investments such as stocks, bonds, etc.

The third "C" ranks right at the top when a credit application is being considered. A farmer or rancher may have above-average soil, tractors, and other farm equipment and machinery. But if he is weak on Capacity, on ability and know-how, he has one and perhaps two strikes against him.

Banks are getting away from the 90-day maturity habit. Instead, they are trying to make loan maturities fall due at time that will fit in with the farmer or citrus grower's harvesting season, or when calves or feeders will be ready for market.

The Misses Kathy Wilson and Kay Hughes recently spent a weekend at Fort Myers Beach.

COMING AGRICULTURAL EVENTS

July 18-22—State Home Demonstration Council meeting and short course, Gainesville.

July 18-23 — 4-H Tractor-Electric Clinic, Camp Timpochee.

July 26-28 — Dairy Herdmen's Short Course, Gainesville.

July 27—Florida Grape Growers' Association Meeting, Leesburg.

Aug. 1-5 — 4-H Club Wildlife Camp, Camp McQuarrie.

Aug. 9-11—Florida Citrus Institute, Camp McQuarrie.

Aug. 11—West Florida Dairy Show, Chipley.

Aug. 11-15 — 4-H Tractor-Electric Clinic, Camp McQuarrie.

Aug. 15-20 — Florida Poultry Institute, Camp McQuarrie.

Aug. 17-19—Florida Beekeepers' Institute, Gainesville.

Aug. 18-19—State Soil Conservation District Supervisors, Jacksonville.

Mr. and Mrs. James Vann and their niece Miss Carolyn Sellers are attending the Elks Grand Lodge in Dallas Texas this week. Mr. Vann is District Deputy Grand Exalter Ruler. At the close of the convention the group will stop in New Orleans for a vacation.
